Dear Michelle Powers,

I wanted to thank you for all your help in securing my future as a music director. You have helped me so much in my senior project: you have developed my creative skill, worked on techniques with me, and taught some of the most confusing musical theory perfectly. Everything you have done had helped me take more than one step further to meeting my goal of becoming a Music Education major at the University of Nevada, Reno. You gave me the confidence to write my own piece of music when I thought I could not accomplish it. You helped me realize that music is truly my happiness in life. Thank you so much for taking time out of your day to teach me the things I know now.

I also wanted to thank you for being an amazing music educator here in Nevada. You are a flutist I wish to aspire to. Your tone is beautiful, you can sight read like no one else, and you help not only me, but the community understand music. I hope in the future we can do more lessons until I am at the University of Nevada, Reno with you. I hope to collaborate more with you, when I am attending the music education program at UNR. I am excited for what the future holds and the doors that you have helped open for me.

Thank you again, for all your help and for all of who you are.
Best Regards,
